

# GUIDE BARRIER

**MAIBACH®**  
www.maibach.com

## The original MAIBACH guide barrier:

- For permanent and temporary separation of lanes
- Assembly and disassembly in seconds
- Standard colours: yellow and white  
Other colours available at request
- Recycled material made from rubber granules

- Installation within a radius of up to 6 degrees
- Self-rebounding delineators available in different sizes
- Easy assembly with plug connection, no tools are required for installation

Optional colour example: blue – white  
(more colours are available at request)

Rubber studs ensure secure adhesion for temporary use (left)  
For permanent use, the barriers can be screwed to the ground (right)

## Secure fastening:

The wedge locks the delineator in place and prevents it from slipping sideways or upwards.

Optional accessory:  
Reflector with 7 glass beads  
on both sides

Self-rebounding and very durable:  
All delineators are made of durable  
synthetic for long-lasting use.
